yeast

1. When we make bread, we add dry

\_\_\_\_\_.

2. Yeast is a microbe. Yeast uses

\_\_\_\_\_

and \_\_\_\_\_ water to grow. Yeast will not grow well in  
\_\_\_\_\_ water.

3. When yeast grows, it makes a gas. The gas helps the  
bread to \_\_\_\_\_.

# Blue Cheese

**Look at this cheese. Some of it is blue or green.**

**Why? It has microbes in it! But people still like to eat it. It has a strong, salty taste.**

**What Chinese foods use microbes? Do you like them?**
